## WORK EXPERIENCE

### Full Stack Developer

#### Fastpay LTD

06/2022 - 08/2023

Tbilisi, Georgia

*Fintech company driving financial innovation.*

#### *Achievements/Tasks*

- Collaborated with cross-functional teams to integrate front-end components with back-end functionality.
- Developed RESTful APIs to facilitate seamless data exchange between front-end applications and the back-end systems using ASP.NET, MS SQL, and JavaScript.
- Significantly contributed to the enhancement of the user experience and functionality of the Company website (<https://fastpay.ge/>). Collaborated closely with the development team to successfully implement a series of improvements and new features using HTML, CSS, JavaScript, and Bootstrap.
- Participated in the successful migration of the company's authorization services, collaborating on the transition from a legacy XML-based system to a modern JSON-based structure
- Contributed to code quality and software reliability by actively participating in code reviews and application testing. Identified and resolved critical issues, resulting in a more stable and error-free software development process.
